**The Railroad vs. The Assessors.**

A difference of opinion exists at the present time between the Atchison, Topeka & Santa Fe road and the assessors of the several counties through which this road passes. The road has sent to each assessor a duplicate copy of the property they claim to have in the territory at the present time. This property is confined to locomotives, baggage cars, passenger cars, and baggage and passenger cars combined, and supplies, fuel, lumber, and the like. All rights of way, road beds, ties, depots, eating houses, section houses, freight cars, and all things else, are omitted except the lands previously mentioned. By this means the entire property of the road in the territory is put down at \$229,970. Of this there falls to the share of San Miguel county, three locomotives, valued at \$4,000 each; one passenger car, \$1,050, one baggage and baggage car, \$1,000, and supplies, fuel, lumber, etc., \$36,000, making a total of \$55,000.

On the other hand the assessor thinks it should be listed in the sum of nearly or quite \$2,000,000 for San Miguel county alone. Nor is this the only difference, for the road puts in even the small amount already specified under protest, contending that by legislative act they are exempt from taxation for six years after the completion of the road, or for twelve years from the commencement of construction in the absence of completion, and therefore they come under the two year stipulation and not the six. The law, which is section 2,699, explanation of the act affecting the taxation of railroads, is of cumbersome construction, easily expressed and difficult to understand. It says, when freed from repetitions, "That for the purpose of taxation any railroad shall be deemed to have reached completion, at the end of six years from the time of commencement of the construction, whether the point to which the road has been put in operation is the place of destination as mentioned in the articles of incorporation, or whether it is some point intermediate between the termini of the road as named in the articles of incorporation." This matter will come up before the county commissioners at their session in June, but as it is one affecting the entire territory, no doubt it will find its way to the highest judicial tribunal of our territory. The coming legislature should take this matter in hand, and either modify the old law so that it shall no longer be ambiguous, or better still, enact a more reasonable law on the subject.

**Rabbi Dr. Glueck.**

This pastor of the Montefiore congregation of our city, on last Sunday, to the surprise of his people, tendered his resignation, to take place on the close of his second term in September next. The resignation has not yet been formally accepted, nor is it known what course the congregation will take. Dr. Glueck is a man of large and varied learning, and of indefatigable industry. He has endeavored himself to many outside of his own denomination by the breadth of his views and the catholicity of his sentiments. The Hebrews of our city have taken it in hand to build a temple for themselves unto the Lord, and the resignation of the Rabbi just at this juncture is to be regretted, because he was vigorously pushing the matter to success. The cause of the resignation is no breach of harmony between the pastor and his people, but comes entirely from the purpose of Dr. and Mrs. Glueck to revisit Europe. They have been absent from their father land for fifteen years, and intend availing themselves of this opportunity to gratify a long felt and ardent desire. If the Rabbi holds to his purpose, he will be followed by the best wishes of a large concourse of friends.

**"Punch in the Presence of the Passengers"**

On Saturday last the directors of the Las Vegas Street Car company held their annual meeting, at which General Fred Walsen was elected president; Joseph Rosenwald, vice-president, and Charles Hilde, secretary and treasurer. On Monday the annual dividend was declared and paid, and on yesterday the work began of relaying the track around the Plaza park. The stock of this company is embraced in 4,125 shares of \$100 each. They own six cars and twelve head of horses and mules, while they at present employ three drivers, one stable boy, and a superintendent. Mr. John Shank has filled the last position for some time to the satisfaction of the board and the approbation of the public, and was continued in his position for the ensuing year.

Chief of Police Ortega and Policemen Segura have been deposited from the force by the probate judge. Reinaldo Uibarrri has been made policeman instead, while E. Baca has been placed at the head of the force.

Trinidad Martinez a short while since sold to Felix Martinez for \$400 a parcel of ground on the Hot Springs road near the town of Upper Las Vegas, and now Felix Martinez has sold the same to S. A. Clements for \$1,400.

A while after noon yesterday the little son of J. W. Bartlett was out playing with his dog. For some reason he followed the dog into Frank Rain's stable, where a horse gave him a severe kick above his right eye. The flesh was laid open for the distance of about one and a half inches, but fortunately no serious results followed. It is thought the little fellow will be fully recovered in a day or two.

At the meeting of the executive committee of the territorial stock association yesterday, but little business was transacted. It was decided to instruct the attorney of the association to push all suits which have been entered for violation of the quarantine law, and to ask all inspectors to report promptly the names of all offending parties, with the circumstances of the case. The matter of appointing inspectors to look after the interests of members was laid over, as there was not a representation sufficient present to justify action in the matter calculated to be entirely satisfactory to the parties concerned. Telegrams were read from Atorney Cockrell, at Lincoln, to the effect that two violators of the quarantine law had been convicted in the district court of Lincoln county, and other suits were being tried as fast as possible. The committee adjourned to meet at the call of the officers.

**PERSONAL**

Items Concerning People and Their Doings.

Tom Fritzen was down yesterday from Watrous.

Mrs. P. M. Maxwell, of Fort Sumner, is at present stopping in Las Vegas.

J. L. Mosier came in yesterday from the Montezuma cattle company's ranch.

James Murray, yardman, yesterday dissolved connection with the railroad company.

Mrs. Ike Bloch is expected to return in a few days from her protracted visit to the east.

J. L. Zimmerman left yesterday for the south, and Wm. Kelly and James Phillips for Mora.

Mrs. Paulsen, the daughter of Mrs. Young, leaves this evening with her husband for the south.

Mr. and Mrs. Fred Walsen having completed their visit to Mr. and Mrs. Charles Tanme, left yesterday for Denver.

J. R. Graves, who was so well known as the letter delivery man, left yesterday for Cherry Valley, Minnesota, where he will leave his child with an aunt, and himself go to Chicago to make his home.

Mrs. Burk and two daughters were passengers from the east last evening. They came out from New York and expected to meet at this place, Mrs. Burk's brother, John Duan, of Liberty, New Mexico.

S. Romero, the efficient under-sheriff, returned Monday evening from Los Conchos, whether he had gone with his family, to be god-father at the christening of the infant son of Domingo M. Baca, his brother-in-law.

A. M. Blackwell has returned from the south; Mrs. Kelly is up from So-

corro visiting her sister, Mrs. Henry Essinger; Mrs. Lewis, the Sixth street milliner, returned last night from Dodge City; Mrs. Professor Ashley came home last evening from a protracted visit to the states.

C. B. Zeek, representing the important live stock commission house of Quinlan, Montgomery & Co., Kansas City, passed through Las Vegas today on his way to Lincoln, where he goes to represent his house in a law suit before the district court of that country, which involves considerable money on a cattle trade.

Bennet Howell, who has many friends in Las Vegas, was tried last week in Lincoln county for the killing of Dwight Adams at Roswell two years ago, when Mr. Howell was foreman of the Chisum ranch. The jury returned a verdict of not guilty, without consulting, a fact which was received with pleasure by Mr. Howell's friends.

Bishop Dunlop returned yesterday from Santa Fe and will leave tomorrow for Albuquerque. At Santa Fe on Sunday he confirmed quite a number of persons and his visit to Albuquerque is to attend to the same duty. He is in every sense a missionary bishop, being like Paul, whose successor he is, "in labors more abundant." It is refreshing these days to see a man thoroughly consecrated to his work, when so many are after the fleece rather than the sheep.
